Mission Statement

In support of the Western Nebraska Community College Mission, the Library provides collections, research, and instruction that support student learning and information literacy.

Goals

1. Promote information literacy at the college in support of the Gen Ed Core competencies
2. Develop a current collection that meets the diverse information and curricular needs of the library’s users
3. Improve access to the library’s electronic and print content
4. Create an inviting physical presence that is conducive to student learning
5. Provide excellent customer service that meets the needs of students, faculty, and staff in both the online and offline environments
